The 2009 edition of the WineMaker International Amateur Wine Competition once again represented the largest and most diverse collection of amateur wines ever assembled under one roof. In fact, this year's competition was the largest wine competition of its kind in the world. The 4,474 entries arrived from hobby winemakers living throughout North America in 49 American states and 8 Canadian provinces and as far away as Italy and Israel. Over the course of three days, experienced judging panels worked through 844 flights, examining each wine using the UC-Davis 20-point wine scale evalu-

ating appearance, aroma, taste, aftertaste and overall impression. The wines were entered in 50 different categories and kit wines competed alongside fresh-grape entries in this blind tasting. Entries were awarded gold, silver, bronze and best of show medals based on the average score given by the judging panel. The Grand Champion wine medal was the top overall scoring wine across all categories. The Club of the Year was given to the club whose members won the most medals and the Retailer of the Year and U-Vint of the Year awards were given to the winemaking supply stores whose customers outperformed other similar shops. Finally the Winemaker of the Year award was given to the individual entrant who had the highest average score across their top 5 scoring wines in the competition.

Congratulations to everyone who won a medal, and a sincere thanks to our sponsors, judging director Gene Spaziani, competition director Ric Quental, our judges, competition volunteers and of course everyone who took time to enter. We are already busy planning for the 2010 competition so get your wines ready for the March 15, 2010 entry deadline!
